Dr [REDACTED]

From  
Graham Healy

Dear Dr [REDACTED]

I just want to write to you regarding the current medical no-science of the Governments interruption and intervention into the Doctor patient relationship over a so called covid crisis that never really existed in Australia beyond a normal influenza season .(in numbers and mortality rates)

And while we have had a very good relationship over the last 20 years or so I find that I can't comfortably come to see you without these ridiculous covid disproportionate rules of nonsense and over reactions by the federal and state Governments bureaucracies and I fully understand you are caught up "in the system" that has already deregistered over 200 Doctors for 'speaking up against this 'tyranny' and using AHPRA as a political arm to 'threaten' Doctors into compliance.

What I am about to list here you already know (I assume) but every point I make I can back up 100 % with scientific evidence and all these studies are listed on my advocacy web site [www.riseupaustaliabrisbane.com](http://www.riseupaustaliabrisbane.com)

As you know I have been studying med-science at University level for now 6 years and while I'm not an expert I'm smart enough to realize that something is terribly wrong here and a lot of innocent people are being hurt for nothing.

I'm putting all this in bullet points and all are verifiable facts.

**I am running as a independent Senator in the may 2022 election** but supporting Craig Kelly UAP as Prime minister in the forthcoming election.(so I am a member of the United Australia Party while running as an Independent in the Senate)

We need a complete change of government at State and Federal levels and a royal commission into this madness to bring justice to the situation and the criminal bureaucrats accordingly .  
Below are the bullet points

- **The dangers of dying of covid are grossly exaggerated in fact there has been no change in mortality rates in Australia over the last 5 years basically the same as a normal influenza season those under 80 years of age have a 99.6297% of NOT DYING OF COVID.** In 2017 influenza & pneumonia killed 4,269 people and nobody even noticed. 2019 there were 49,035 deaths from cancer but that didn't make the headlines? And cigarettes are still sold at the service stations? 6,000 people a year die of alcohol related diseases but booze is still sold and advertised. At the "peak" of the so called pandemic out of 114 deaths daily in Victoria for the last 10 years 2.75 of those were covid in 2020 **HARDLY AN EMERGENCY PROPORTIONATELY ?**

- **Children have almost zero risk of dying of covid in fact 0 to 19 years a 99.9960% survival rate !**  
**THIS IS MADNESS INJECTING THEM WITH AN EXPERIMENTAL mrna DRUG !**  
children are now dying from the injection, having heart attacks and getting myocarditis (permanent heart damage )
- **The deaths post jab have shot through the roof in 2021 .**  
**733 deaths post jab and 100,000 adverse reactions 73 times more deaths than the reported with influenza vaccines.**  
in fact over the last 50 years from 1971 to 2021 there **were only 60 deaths post jab** of any vaccine now in Australia over one year only 2021 (733 deaths post jab and 100,000 adverse reactions) and this under-reported by 95% minimum so you would be looking at **1 million adverse advents (under-reporting adjusted)**
- The world's top Doctors and vaccinologists totally ignored and deplatformed off social media and ignored by our 'so called' 'Expert' medical bureaucracy **and suddenly medial bureaucrats and politicians are overriding doctors in the patient Doctor confidential relationship .**  
This is very concerning when the follow global experts are Ignored and note they are the REAL EXPERTS LIKE:
  - **Professor Nikolai Petrovosky vaccinologist** and highly qualified medical doctor who have developed over 50 vaccines
  - **Professors Robert Clancy and Thomas Borody** who advocated the use of hydroxychloroquine and Ivermectin and have successfully used it in killing covid in India and other 3<sup>rd</sup> world countries.
  - **Hydroxychloroquine banned in Australia with 6 months jail to any practitioner** who prescribes this safe medication (based on no credible science quoted by TGA )
  - **Dr Robert Malone inventor of the mrna technology and global vaccinologists for 40 years has gone public and stated DO NOT TOUCH THE CHILDREN WITH THE EXPERIMENTAL Mrna technology !**  
Ignored and Scott Morrison appears on TV telling Australians "its perfectly safe " based on zero credible science.
  - **The mrna experimental drug distributed by Pfizer has had 8 weeks of so called testing and then straight into humans** as the largest global human experiment ever in history
  - **Pfizer already has 71 criminal charges against it** and much of the cases are for falsifying data and bribing Doctors to push their agenda
  - **The Pfizer-moderna experimental mrna drugs don't work they neither stop transmission or catching covid they are now talking about 'boosters' every 3 months ?**
- The alpha, delta and the omricon variants ? the original experimental mrna injections were geared for the alpha variant and have zero effect on delta and omricon variants (even if the did work) which they didn't in the first instance

- **1% benefit 99% RISK on these experimental mrna injections the 95% Relative Risk Reduction is a play on words the Absolute Risk reduction is 0.84 % they were lying all along about the benefit RISK equation.**
- **Dr Kary Mullis PhD and inventor of the PCR test clearly states that the PCR test cannot be used for testing viruses . THE PCR GIVING 84% FALSE +ves ?**
- **Dr Vladimir Zelenko frontline doctor in New York treated more covid cases than any other IGNORED !** by the USA establishment .(but he continues underground and on alternate media )
- **Dr Peter McCullough Dallas Texas esteemed cardiologist and expert on covid treatments DE-PLATFORMED but he has become a hero in treating people irrespective**

The List goes on and on None of this is based on real medical science and now the ABS figures are out only 83 people Died of Covid without (Comorbidities) !

83 in 2 years 41.5 a year !!!

In Queensland the total in 2 years was 69 deaths minus 91.4% (with comorbidities) = 5.93 deaths!

**or 3 per year** 2022-2021 actually die of corona virus and not co-morbidities.

<https://www.abs.gov.au/articles/covid-19-mortality-australia>

Also the fact that there is NO SUCH THING as asymptomatic transmission of covid this was a lie debunked early in the piece (but of course Australia continued the lie) .

What I object to (and I know you are caught up in a corrupt system being manipulated by government bureaucrats , Dr Khoo) .

Is that I am not sick, **I have NO SYMPTOMS** and yet I am told to isolate in my car before I come to see you ? this is insane !

Meanwhile , those who have been injected with a replicating spike protein mrna drug that has never been tested on humans before AND WRITTEN ON THE TGA WEB SITE IS THAT IT DOESNT STOP TRANSMISSION OR CATCHING COVID all these people are sitting in the waiting room transmitting and or catching covid .(there is no proven data that these Experiments actually work in fact the exact opposite is true)

It is now proven the the Experiment **DID NOT WORK** especially the data from the UK.

<https://www.bitchute.com/video/ne7NhEaHudVx/>

The TGA has not reported the correct safety data and is at complete odds with the global vaccinologists who actually know what they are talking about.

While the healthy people like myself are treated like lepers ?

**This is completely UPSIDE-DOWN MEDICINE**

As The lunatics in charge of the federal and state governments gradually wind down the

fearmongering and idiotic wearing of cloth face masks etc some sanity may come back.

As I say Dr [REDACTED] I'm running for an independent for the senate in the may Federal Election and I believe a large proportion of Independents will get into government and its time to end these mandates and tyrannical government disproportional overreach.

Also a ROYAL COMMISSION is coming to deal with what actually is blackmail rather than informed consent on these experimental mrna injections and the criminal banning of ivermectin and hydroxychloroquine that could have stopped 64% of hospitalizations especially of the elderly since most of the corona deaths (like influenza) occurred in those over 80-89 years old .

The Interference by the government and its instruments AHPRA,TGA etc in the Doctor patient relationship and privacy is also a criminal act according to the Australian constitution, Informed consent was not given but blackmail (no jab no job) ensued .

All these matters are criminal and lawless by nature and will be dealt with in the Royal Commission to come which I hope to be a part of after the may 2022 election.

anyway ,

I will give you a ring for a catch up after the election (may 2022) and there needs to be some serious adjustments to the constitutional laws in Australia and we need a serious change in governments both federal and state to implement the changes required .

and there must be laws put in place that never again can the government interrupt the patient Doctor relationship or privacy and the ethics of all Health practitioners in "DO NO HARM" has been thrown out the door to push a experimental mrna drug onto innocent people for a virus that has a 99.7% survival rate and with children a 99.996% survival rate this is simply a biased (criminal push) by big pharma (through contractual engagements with the federal Government ) remember Pfizer has 71 criminal charges against them (how can anybody with a conscience trust this drug cartel ?) is beyond me.

I realize Dr [REDACTED] you are 'caught up in the system' so I thought to write you a letter to give you a full explanation of where im coming from regarding all these issues .

Kind Regards ,
